Dear Candidate,

I hope this email finds you in great spirits!

Are you ready to embark on a journey of innovation and development? If you have a passion for frontend and backend technologies, we have an incredible opportunity that awaits you!

We are thrilled to announce the opening for the position of Software Trainee - Frontend & Backend at our esteemed organization. This is your chance to showcase your skills and expertise in HTML, CSS, JavaScript, Core Java, Springboot, Hibernate, JDBC, SQL, and Python, while also having the advantage of working with React.

Why Join Us?

At Bufferzero Business Solutions Pvt Ltd, we believe in nurturing talent and fostering a dynamic learning environment. You will be part of a team that is driven by innovation and excellence, where logical and analytical thinking is not only encouraged but celebrated.

Key Highlights:

A competitive salary package awaits you.

A 6-month comprehensive training program designed to shape you into a proficient developer.

Upon successful completion of the training period, you will receive a well-deserved salary hike based on your performance.

Our talented team of experts will guide you in your journey, providing mentorship and support at every step.

Get hands-on experience by working on real-time projects, enhancing your skill set and boosting your confidence.

Be part of a vibrant work culture that encourages creativity, collaboration, and growth.

Avail yourself of future growth opportunities with the potential to contribute to ground-breaking projects.

Qualifications and Requirements:

We are seeking candidates who possess a Bachelor's degree (BE, B-Tech) or a Master's degree (MCA) and have scored above 60% from the batches of 2015 to 2023. Good communication skills are essential to thrive in our collaborative work environment.

The Interview Process:

Your journey with us will begin with a Programming test, followed by a Technical interview to assess your technical expertise. If you make it through, you will have a Managerial discussion to know you better. Finally, the HR discussion will lay the groundwork for an exciting future.
